

## Software

Code	Software	Description	OS	Devices	Interface	Special Cable	Interface Adapter	Notes
S1	"MiniSoft"	transmitter configuration and data-acquisition program	WIN	MiniPAQ	RS232	yes	no	product of INOR
S2	"RStest"	simple program for RS232 or RS485 communication test	WIN	all	RS232 RS485	depending on device connected		
S3	"TraCon"	transmitter configuration and data-acquisition program	WIN	TRB(I), TRY, TRZ, TRC	RS232	yes	no	free download from <a href="http://www.tracon.bz">www.tracon.bz</a>
S4	"Ipro"	transmitter configuration and data-acquisition program	WIN	TRS (IPAQ)	RS232	yes	no	product of INOR
S5	"MePro"	HART Transmitter configuration and data-acquisition program	WIN	TRH (MESO)	HART	no	HART modem (communicator)	product of INOR
S6	"InfoPrint"	configuration program for IA300 interface adapter / printer / datalogger	WIN	IA300	RS485	no	IA300	
S7	"InfoMonitor"	data-acquisition program for TC800	WIN	TC800	RS485	no	IA150	discontinued <sup>(1)</sup>
S8	"EView"	viewing and configuration software for ultrasonic level transmitters w/ HART interface	WIN	LCSUPx (EchoTrack)	HART	no	HART modem (communicator)	product of NIVELCO
S9	"PolyMonitor"	universal data-acquisition program	WIN	all w/ RS485	RS485	no	IA100 IA250	
S10	"UniConf"	universal configuration program	WIN	all	RS232 RS485	depending on device connected		
S11	"Process"	single-process monitoring and recording program	WIN	RT390	RS232	no	no	
S12	"ThermLog"	temperature data-acquisition program for TC800	DOS	TC800	RS485	no	IA150 <sup>(1)</sup>	product of Raycho Raykov
S13	"ProfiSoft"	transmitter configuration and data-acquisition program	WIN	TRP (ProfiPAQ)	RS232	yes	no	product of INOR
